## Swine Flu Immunizations Operation Finalized Here

By Harrison Goodhue,  
County Red Cross Chairman

Over fifty Good Neighbors, Red Cross Volunteers from our community, came to last Friday mornings training session at the American Legion Hall.

Mrs. Beverly Wagoner, Coordinator of Swine Flu Immunization for our seven county Michigan Health District, Mr. Dave Waldron, of the Michigan Communicable Disease Section, conducted the briefings and taught our Red Cross Volunteer Nurses how to use the "gun". It is a very simple procedure and all of the RN's and LPN's who were inoculated concurred in its painlessness.

Clinics will be from 1 to 7 p.m., next Tuesday and Wednesday, Oct. 19 and 20, at the American Legion Hall in Grayling.

Mrs. Eddie Blaha has her RN and LPN group all scheduled and ready for the Medical Screening and Inoculation procedures. Mrs. Harriet Goodhue has her volunteers also lined up as Pre-registrars, Registrars, Tally Clerks and other general activities.

The fine response of our volunteers and their enthusiasm at the training session augurs well for an efficient and effective immunization operation.

Remember, if you are taking antibiotics, have a fever, or are allergic to eggs or feathers (just added), you are

ineligible to be immunized. You must be free of fever for at least 48 hours.

If you have chronic heart, lung, kidney, diabetic or neuro-muscular disease, or severe allergies, or any doubts, consult your physician now and follow his advice.

All of you in good health between the ages of 18 through 59, come to the clinics and be immunized with Mono-valent vaccine.

Those, regardless of age within the high risk category, and all over 60, are eligible for immunization with Bivalent vaccine.

We will be waiting for you at the American Legion Hall, October 19th and 20th, from 1 to 7 p.m.

**BOOSTER CLUB OFFICERS**—At the annual membership meeting of the Grayling Youth Booster Club held on September 19th at the American Legion Hall, the above were voted into their respective offices. From left, Irv McIsaac, President; Ray Kehr, Vice-President; Ken Gothro, Secretary; Harry Miller, Treasurer. The new officers took over their duties at the regular monthly meeting October 6th. ## Real Estate Institute In Grayling

GRAYLING — Michigan real estate license law, legal aspects of real estate, and construction and financing of real estate are among the topics to be covered in "Real Estate Institute I," to be offered in Grayling October 25-29 at the Holiday Inn. The Institute is presented by the statewide Real Estate Program of the University of Michigan Extension Service and Graduate School of Business Administration.

Now in its 29th year, the statewide program has served as a model for similar programs throughout Michigan and the United States. Courses in the program are designed to provide updated information for those already in the field as well as instruction for those interested in entering the real estate profession. They lead to the prestigious U-M Certificate in Real Estate and have been approved for the granting of Continuing Education Units (CEUs) by the University of Michigan.

Real Estate Institute I, equivalent to the eleven-week evening course, Real Estate Business I, offers practical approach to problems arising in day-to-day real estate transactions and introduces the student to all facets of the real estate business. Primary objective of the course is to present points of law and real estate [See Real Estate on page 13]

## G.O.P. Ladies Here Oct. 21st

Mrs. Philip Ruppe, Mrs. William Milliken and Mrs. Marvin Esch will be at the Grayling Country Club on Thursday, October 21, at 3:30 p.m. The public is invited to come and meet them.

## Woman's Club Donates To Building Fund

The Grayling Woman's Club has donated \$500.00 toward the R.O.O.C. Building Fund. The drive continues toward its goal of \$40,000.00. The R.O.O.C. Workshop for the handicapped employs persons from the four-county area comprising Roscommon, Oscoda, Ogemaw and Crawford Counties.

## Warning

Inactive Duty Training will be conducted by units of the Army and Air National Guard during the period 16-17 October 1976. The various ranges located at Camp Grayling will be utilized during this period.

The Air to Ground Range which is located on the Artillery Range, which is north of County Road 612 and east of Guthrie Lake will be utilized during the period 13 thru 24 and 26 thru 31 October 1976. These ranges will be closed during the above dates and all persons are warned to stay out of these areas.

**BEAR HELPS R.O.O.C.**—Fred Bear, President of Bear Archery continues the long Bear Archery tradition of supporting community service programs. Mr. Bear is shown presenting a \$1,000 check to Susan Smith of the R.O.O.C. Workshop towards the R.O.O.C. Building Fund. R.O.O.C. is a part of the C.O.O.R. Intermediate School District and they are presently engaged in a building fund drive to raise \$40,000 to be matched by a \$160,000 State Grant for the construction of a new workshop. The present facilities can service 60 handicapped persons ages sixteen and over, when the new facilities are constructed, a minimum of 150 persons will be serviced with expanded services being offered. Susan is the daughter of Mr. and Mrs. Terry Suffield of Grayling.

## Grayling Twp. Special Census

A Mid-decade Census is being taken in Grayling Township, pursuant to Act No. 245 of the Public Acts of 1975, which allows municipalities who feel they have had at least a 15% raise in population to request a special census be taken.

Nine census enumerators were sworn in by a representative of the Secretary of State on October 7, and began their duties immediately, according to Elizabeth Wieland, Township Clerk.

The cooperation of all township residents in furnishing the information asked of them is requested. Any questions regarding the census may be directed through the township office, she added.

**SHERIFF'S DEPT. PATROL FOR SOUTH BRANCH**—Sheriff Harold Hatfield announced today a new patrol service for South Branch Township to augment the already present road patrol of the Sheriff Department. The new officer is Officer Doug Wallman. Doug is a certified officer with 7 years of experience. Officer Wallman's salary and his vehicle are paid for by South Branch Township.

## Crime Prevention Program

October 1st marked the beginning of a stepped-up Crime Prevention Program in Crawford County with the forming of a committee from the various townships to bring their serious crime problems to light.

Working with this committee and neighborhood groups the Sheriff's Department hopes through education and crime prevention to stem the rising crime rate. Half-hour presentations on various subjects from Breaking and Entering to Child Abuse are available for interested groups on request from Lt. Robert Ruddy at the Crawford County Sheriff Department.

## TICKET USE INFORMATION

## England In An Evening

Thursday evening, October 28, the Crawford AuSable Community School Program will open the doors to their fourth annual Travel and Adventure Series. The first film of the season will feature a full evening's tour of England. Tour guide for the evening will be Mr. Joe Adair who will be appearing alive and in person at the Joseph Stripe Auditorium.

This year, Community School Director, Howard Taylor, has announced a change in the use of season tickets. In the past, season tickets were just that ... each ticket admitted the owner to all six travelogues. This year, the six admissions contained in each ticket may be used at the discretion of the owner. All six admissions can be used at one travelogue should the owner decide to bring five guests. A man and wife could attend three travelogues on one ticket. Even with this greater versatility of use, price of season [See England on page 15]

## Officials Inspect Hanson Hills

Members of the Grayling Recreation Authority will meet with a representative of the Attorney General's office and the Military Board of the Michigan National Guard to inspect the premises and equipment at Hanson Hills (formerly Bear Mt.) this week.

The Authority, in a brief meeting held October 10, discussed a rate schedule for the coming season, brochures, the possibility of the Special Olympics using the park facilities, and the necessity of an organized ski patrol.

Saints scored with only 12 seconds on the clock, then completed a two-point conversion play to beat the Vikes in a hard-fought contest.

After the opening kickoff, the Saints failed to move the ball and punted to the Vikes who took over on their own 45. A series of ground plays moved the ball to the Saint 10-yard line and Will Roach carried the ball in from there to make the score 6-0. A 2-point conversion try was missed.

Scotty Johnston kicked off for Grayling and St. Ignace took over on its own 42 yd. line. Three consecutive tackles by Ross Helnick stymied the Saints who had to kick the ball away. The Vikes took over on their own 29. After failing to move the ball, the Vikes were forced to punt to St. Ignace. A stunning 53 yard run by Clark Cryderman tied the score at 6-6 and a successful 2-point conversion moved the Saints into the lead. The teams battled

back and forth through the rest of the first quarter but no further scoring took place. St. Ignace moved the ball consistently after the start of the 2nd quarter and scored its second TD of the night with Cryderman carrying in from the 24-yard line. The conversion attempt failed.

Mike Money took the ensuing kickoff back to the Vike 18-yard line. Tailback Will Roach moved the ball on a nice run to the 50-yd. line but a penalty on Grayling moved it back to the 31. Scotty Johnston was forced to punt to St. Ignace on its own 44. After recovering its own fumble, the Saints moved the ball in for a TD on a nice run by Charles Kalbleisch from 42 yards out.

The Vikes took the kickoff and a combination of sound running and good passing by Quarterback Steve Olsen proved successful. A 15-yard scoring strike from Olsen to Bill Dean put Grayling on the scoreboard [See Football on page 2]

## Early Days of Red Cross

By Harrison Goodhue, County Red Cross Chairman

The first real test of American Red Cross' ability to meet its Military Service responsibilities came in the First World War, which began in Europe in 1914, and the United States becoming involved in 1917.

By the time that War ended the American Red Cross Nurse was the "Rose Of No Man's Land", fabled in song and story. But, more importantly, the American Red Cross and their volunteers overseas and at home, had proved to all the world that Americans were unequalled in their generous response to people in trouble, not only with material help, but with dedicated human volunteers!

In the years following the first World War, American Red Cross began to dedicate much of its activity to the Congressional charge to "mitigate the sufferings of people from disasters, and to set up and carry out measures to prevent such sufferings."

Out of these activities came training procedures for life saving in First Aid and Water Safety, and, research in depth to expand the use of life saving blood in accident and general surgery.

By the mid thirties the American Red Cross Blood Research activities had developed practical, safe procedures for drawing, storing and distributing life saving whole blood from individual donors to hospital operating rooms. The Red Cross Blood Program was on its way!

By the late thirties the mobile Bloodmobile, virtually as we know it today, began to operate and American Red Cross began [See Red Cross on page 2]

## WHY RE-ELECT HAROLD HATFIELD?

### EXPERIENCED

In November 1972 with over twenty years of law enforcement experience in Crawford County, Harold Hatfield was elected Sheriff. When he took office January 1, 1973, Department Officers training was lax. At present, approximately 85% of the Sheriff's Deputies are certified by the STATE OF MICHIGAN as POLICE OFFICERS, nearly 100% attend REGULAR in-service training classes at NO COST to the taxpayer.

### A WORKING SHERIFF

Whether it was policing fatal accidents, assisting in flood control, a tornado, walking miles through our country looking for a lost tourist, to staying out all night in a thunderstorm attempting to locate a drowning victim, Hatfield was there, working with his men. At every major incident that has taken place in Crawford County in the last 3½ years, Hatfield has been at the scene.

### RESULTS

Crawford County Law Enforcement Agencies have solved, on a percentage basis, nearly twice as many crimes as the state-wide average. With an excellent Prosecuting Attorney and capable Police Officers, the criminal's chance of being caught and convicted in Crawford County is nearly twice as great as in almost any other area of the state. Yet with the exception of two C.E.T.A. employees there has not been an increase in department personnel.

### ECONOMY MINDED

Faced with an extremely high rate of inflation, Hatfield, in an effort to cut costs and still provide twenty-four hour protection and service, to an ever-increasing population, formed an auxiliary force to assist deputies with law enforcement duties. These local men and women have donated thousands of hours to the department at no cost to the taxpayer.

### THE CRIME LAB

With drug abuse on the rise, Hatfield formed the Crawford County Crime Lab. He was instrumental in the procuring of State and Federal Funds for its operation. It is no longer necessary to transport narcotic evidence all the way to Lansing for analysis. A yearly savings of thousands of dollars.

### PREVENTION — THE JUNIOR DEPUTY PROGRAM

In an effort to reduce the number of safety related accidents among our children, Hatfield created the Junior Deputy Program. The first program of its kind in northern Michigan. Our children, in regular classroom instruction are being taught safely by deputies who volunteer their days off to teach bicycle, boating, first aid, snowmobile, and a variety of other safety related classes at no cost to the taxpayer.

### THE BUDGET

The budget has of course been increased. Some of this increase was due to inflation, some to a Union already organized before Hatfield was elected. What most of us didn't know was that a large part of that increase is in the form of State and Federal Grants. Our tax dollars that were being spent in other counties for their law enforcement are now, due to Hatfield's initiative, being spent for LAW ENFORCEMENT in CRAWFORD COUNTY.

We've given you several good reasons to VOTE HAROLD HATFIELD ON NOVEMBER 2nd. They're not promises of what might be, but facts!!! We hope you will consider them when you cast your ballot.

## Red Cross

(Continued from page 1)

building and equipping "Red Cross Blood Centers", strategically located regionally across the Nation, to provide life saving blood to the American medical-surgical-hospital health system.

Today, the American Red Cross Blood Program is the most important single life saving function in the United States!

Good Neighbors give their blood to the Red Cross Banks. Red Cross Centers process, store and redistribute this blood to hospital patients as needed. Because Red Cross blood is given by generous, dedicated donors, it is also given to those who need it! There is a fee for processing, storing and redistributing the blood, about \$22 per unit currently, but the blood itself is free!

As you know, every citizen of Crawford County is eligible to receive all the life saving blood he or she needs, without charge, no matter where the individual may be in the United States when it is needed.

Sounds remote and far away when stated like that. But, ask Ken and Viv Carlisle about Red Cross blood. It is not remote to them!

You all know Ken. He is a County Commissioner, he owns and operates Carlisle Canoe Livery, and he is also very busy with his Carlisle Paddle business too. Last January, however, Viv Carlisle had to undergo critical open heart surgery. She had to have an artificial valve installed in her heart. The surgery was done at the great heart surgical center of Harper Hospital in Detroit.

During surgery Viv needed seventeen pints of blood! Red Cross supplied her with that needed seventeen pints of blood! And Viv has been back with us for many months in sound physical condition and we all share the Carlisle's joy at her recovery!

If the Carlisles had had to buy that seventeen pints of blood from a commercial supply source it would have cost almost an additional thousand dollars.

Every year our Crawford County citizens need, and receive, about 500 units of life saving blood through the Red Cross Blood Program. At the current rate of commercial blood, this is about \$30,000 saved our neighbors annually; which is about an average saving of \$15.00 per family per year!

Isn't that alone enough evidence to prove that American Red Cross has earned the whole hearted support of everyone in this community?

If you haven't sent your contribution yet to financially maintain this incomparable humanitarian organization, won't you please do it right now!

Make the check to "American Red Cross/Crawford County Chapter" and mail it to RR#3, Box 3162, Grayling 49738, please.

Thanks from the volunteers of Crawford County Chapter/American Red Cross.

again and a 2-point conversion made the score 20-14, ending the first half. The Saints kicked off to start the second half but Grayling failed to move the ball and St. Ignace took over on its own 38. A St. Ignace fumble was recovered by Grayling's Mike Allen on the Vike 43-yd. line.

The Vike ground game proved potent again, moving the ball downfield with Roach finishing off the TD drive by sprinting into the endzone from 4 yards out. The conversion attempt failed and the score was deadlocked at 20-20. After the kickoff, St. Ignace was unable to move the ball and punted. Roach rambled for 57 yards to the Saint 11 yard line. Three plays later he carried it in to put the Vikes ahead 26-20.

St. Ignace took the Vike kickoff and moved the ball downfield for another TD with Cryderman scoring from 20 yards out. That knotted the score at 26-26 after the conversion attempt failed. Grayling could not move the ball following the kickoff and punted to St. Ignace who took over on its own 38-yard line. The Vike defense appeared to collapse as Cryderman kept up his punishing running and scored the winning TD with only 12 seconds remaining. The 2-point conversion attempt proved successful and the final score wound up 34-26.

The loss was heartbreaking for the Vikings whose conference record dropped to 1-2. Leading defensive linebacker and kickoff specialist Al Johnston was injured in the first quarter and was out the remainder of the game. This hurt the Viking defensive game but Al's brother Scotty did a commendable job filling in. Helmick was also injured but was able to return later in the game.

"It was a tough one to lose," Coach Klingman said in reviewing the game. "St. Ignace is a good ball team, and we played them even up. The clock just ran out on us," he added.

"Our offensive line again gave our backs the opportunity to run the ball, and the players turned in a great team effort," Klingman stated.

Offensively, Roach scored 3 TD's and a 2 point conversion, while gaining 320 yards in 38 carries. Money gained 30 yards in 7 carries, with Curt Hanson picking up 22 yards in 7 tries.

Olsen completed 5 of 11 passes for 70 yards, with Money catching 3 for 48, and Dean caught 2 for 22 yards including a touchdown.

Three Vikes led the defensive unit as Helmick turned in 13 tackles, Scotty Johnston 12, and Grant Byce finishing with 10.

The Viking JV squad also played St. Ignace and after taking a 13-0 halftime lead, ended up bowing to the Saints by the final score of 22-13. The Freshman squad traveled to Charlevoix and dumped the Rayders 6-0 with Rocky Tobin scoring the only TD of the game. This was the first victory for the Freshman team.

Gun control controversial? Not this kind!

Modern jet injector guns soon will be shooting protective swine flu vaccine into millions of arms in Michigan.

Practically painless, the guns quickly inject a stream of vaccine by high pressure, not a needle. They weigh a streamlined 12 pounds and can give up to 2000 injections a day.

This fall, they'll be used in clinics right here in Michigan by people who care about your good health. Doctors, nurses and public health personnel want to head off the possibility of a swine flu epidemic. Many of them will be working as volunteers in your community during the immunization period.

No one wants to catch the flu. Particularly swine flu, which many health experts believe caused the 1918 epidemic, the worst flu plague in history. That one hit hard at people in their 20's and 30's as well as the ill and aged. It killed more than 20 million worldwide, including half a million Americans.

When physicians discovered the A/New Jersey influenza ("swine flu") virus this February, they were concerned. Not only did it closely resemble the antibodies in survivors of the 1918 flu, but it was a new "A" flu strain. "A" type flu appears about every ten years and populations are largely unprotected.

The last "A" type flu was Hong Kong, which killed 33,000 people in the U.S. and cost \$3.8 billion in medical expenses and workdays.

That's why physicians and scientists from the Center for Disease Control, National Institute for Allergy and Infectious Diseases, and the Food and Drug Administration strongly recommended to the President that a mass swine flu immunization program be launched.

Because flu spreads fast, through sneezes and coughs, you can't stop an epidemic after it starts. And there's no cure for flu. A flu shot is the only protection that's safe and effective.

The swine flu shots will be available free of charge through your local health department, for a limited time only. Your newspaper, TV, or radio stations will be good sources of specific information, in addition to your local health department.

Of course, you may prefer to obtain a shot from your personal physician. That's fine. The important thing is to be protected. So take the "A" strain the safe way, in a swine flu shot!

### Bits O' Talk

by Fay Bovee

Mr. and Mrs. Kyle Slusser and family have moved from the Chicago, Illinois area to Memphis, Tennessee. Their address is 2207 Ealing Circle, Apt. 3, Germantown, Memphis, Tn. 38138.

Mr. and Mrs. Daniel Holthus of Grand Rapids spent two days with Mr. and Mrs. Sam Morehead on Staley Lake Rd. They were returning from their honeymoon trip to Canada.

Mrs. Beatrice Bice was released from the hospital over the weekend and her husband, Herbert, is a patient at Wurtsmith Air Force Base Hospital at Oscoda. After treatment there, they will fly him to Wright-Patterson Air Base at Dayton, Ohio for possible heart surgery.

Your vote would be appreciated for Beaver Creek Township Clerk Virginia Millikin.

Many Grayling young people have now returned to college campuses for fall terms and semesters. Among them are: Bridget Hoffman, sophomore; Marie Sorenson, Holly Knibbs, Tina Henig, John Sorenson, Carol Reed, Steve Church, Chris and Paul Sojka all at Michigan State. Attending Central Michigan are John Hoffman, freshman; Donna St. Germain, Dean Darling, Lynn Akers Welsh, seniors; Ellen O'Mara Thompson, sophomore and Tom Haskell, freshman. In the Upper Peninsula at Lake Superior State College at Sault Ste. Marie are Freshman Craig Hinkle, John Rolph, Bob Mahaney, and Ken Doty. Those at Ferris State College include Mike Hoffman, junior; P.J. McNamara, sophomore; Sue Austin, sophomore; Marie Harris, sophomore; Cindy O'Mara, freshman. Mike Myhera has entered Kalamazoo College, Kalamazoo and Scott Olson is a sophomore at Hope College in Holland. Mr. Jon Thompson is a freshman at Alma and Mary Liz McNamara is a junior at the University of Michigan. Wendy Gee and Dick Joseph are both sophomores at the U of M.

There must be a lot more of your sons and daughters away at school. Give me a ring - Fay-348-7017.

Dennis O'Mara, son of Mr. and Mrs. William O'Mara is a high school freshman at St. Lawrence seminary in Mt. Calvary, Wis.

## Petroleum Energy Only a Bleep in Time

by Willard E. Bosserman  
County Extension Director  
The use of petroleum energy will be recorded in history as a short 200 year bleep, Extension agents were told at a conference held in Gaylord recently.

Dr. Herm Koenig, a Michigan State University Environmentalist told the group the first oil well was drilled in 1865. By the year 2000 world wide oil production will peak out. From then on

### Not The Year For Stone Removal

by Willard Bosserman  
County Ext. Dir.

This was the wrong year to remove any rocks from the dam holding back the waters of Higgins Lake. But, the primary reason the lake is low and the rivers in northern Michigan are low this year is because we are 6.89 inches short of normal rainfall since April 1st. Higgins Lake has a water shed of approximately 72 square miles. Take away normally 7 inches of water from the watershed and it is going to have an effect upon the water level. Of course all of the water that falls on the watershed doesn't reach the lake but take away one fourth of normal rainfall and it hurts.

I just bring out these facts to help answer the question raised in last week's issue of the Roscommon Herald News. The condition is similar to 1966 when I moved over from Lake City. People were concerned at that time the inland lakes were going to dry up. We depend upon rainfall to charge the ground water. The ground water enters the lakes as "springs".

A proper dam would have helped maintain the water level, but it couldn't have held back water that didn't fall as rain.

A few years ago an engineering firm did draw plans for a dam, but like all things these days it came with a high price tag.

it will be a down hill matter. By 2065 there will be none left. Although some new sources of energy are available they will not be as transportable as liquid oil. It will take about 30% of the energy to convert coal to either gas or oil, therefore the cost will be more. Even new discoveries of oil will cost more to locate, pump and transport.

The energy future does not look good. We can only postpone the inevitable by conservation of energy, but it will give us time to adjust to more expensive types of fuel and more solid forms of fuel.

Nuclear energy will help stretch the energy situation, but you know how society is opposed to nuclear plants, besides the supply of fuel for nuclear plants is also limited.

Some of the things we can do now is drive less, drive slower, use public transportation when possible. We can make sure our house is well insulated, turn the thermostat down and winter-

ize the house to prevent heat loss.

When building houses, build them with an eye to energy conservation, Koenig indicated land use was going to play an important role in energy conservation. This includes a move back to the cities where public transportation is available and travel distances are shortened.

Other sources of energy will never quite replace petroleum. We will have to change our life styles.

## Alumni News

By Clara Sorenson  
President #7 was Maurice Parker, '33. After complete schooling here at G.H.S., he attended Michigan State and continued in a career in the Medical Lab at our Mercy Hospital and a Medical Lab at Sparrow Hospital in Lansing until illness forced his retirement and later his death in 1974. Our familiar name for him was "Doc". He served as President in '59.

President #8 was my Classmate, Don Gothro, '35. We worked together on the Alumni Board from its beginning. He was born here - educated here - went on to a course at Cleary College, Ypsilanti. His career started at the Grayling Bank, under John Bruun, later as Bookkeeper for Peterson Hardware and Peterson Lumber Co., until his sudden death in 1971. His wife is the former Jean Peterson, '35. Their 3 daughters are G.H.S. Alumni. He served as President in '62, '63, '64.

President #9 was Jim LaGrow, '57, who served in '65, '66, '67. He is married to the former Janet Campbell, '60, has three daughters, now resides in Margate, Fla. He went all through the system, as did his Mother and Dad, his four sisters and brother. He worked as Manager of Bill's Laundry and a Volunteer Fireman. Jim is now a full-time fireman in Florida.

President #10 was Joe LaGrow, '64, Jim's brother. He is married to the former Janice Gorney, '65, has two children. He has become active in the field of insurance and on Crawford County Commissioners. He served as President in '75, but was unable to complete the present term. He will soon be considered one of our past-presidents.

Our thanks to Tony Doremire for accepting the presidency, after having been our vice-president in '75, '76. He has been a Board member for 11 years.

We have live music for entertainment after the dinner on Saturday, October 16, which will be good, I am sure - along with the friendship that goes with being G.H.S. Alumni. I have a quote from Chuck Wylie, '29, East Lansing, "What I would like to see happen is more of the in town Alumni's attend this affair. Coming to this event is something special and involves a special excitement".

Explanation - I use the word Alumni as representative for all grads - not correct - but a habit. Alumnua, feminine. Alumnus, male. Bear with me.

## CARD OF THANKS

To the Sisters at Mercy Hospital, the Doctors, Nurses, the employees - To all those wonderful people, we give thanks - To Sister Mary Hilda for her loving words of comfort, for Rev. Spencer who was there to give comfort when needed, to the other dear friends who sat with us, for cards, food and gifts.

God Love You.

The family of

William Jensen

## Area Women's Assn. to Meet

The Roscommon Branch of the American Association of University Women will hold their regular October meeting on Thursday, Oct. 21st at 8:00 p.m. in the board room at Kirtland Community College.

In keeping with the theme for the year "Our Native American Woman - the Indian", Mary Jane Knibbs of Grayling will lead the book review and discussion on the book "Indian Women of the Western Morning". Branch members have been encouraged to read the book to add to the discussion.

The national association of AAUW has declared October to be ERA month. The local branch will hold a silent auction during their regular meeting with funds going to the ERA activity in Washington.

Hostess for the October meeting - will be Dora Lantzech of Higgins Lake.

Prospective members are most cordially invited to attend any of the regular branch meetings. For more information or if you need transportation, in Houghton Lake contact Carol Stouffer; in Roscommon - Higgins Lake, Sarah Oppy; in West Branch, Maxine Wangler and in the Grayling area, Mary Jane Knibbs.

## Hunting And Fishing Report

[By Skip Madsen]

As the fall colors are fading away and the leaves are beginning to fall. Conditions for the grouse hunters are getting better with good to fair success in most corners of the county, however you should still look for them in the thick brush and blackberry briars.

Duck season opened last week, however the conditions have been very poor for duck with all the nice weather we have been having. The duck hunters that floated the rivers did have pretty good success.

The deer hunters still seem to be doing very well with almost all hunters seeing deer and some are getting some shooting. And once in a while someone connects.

Rabbit hunters are doing fairly well with the dry conditions. It is hard for the dogs to run even though there are plenty of rabbits.

Fishing is good on either side of the state now as the salmon are piling up in the bays and rivermouths to make their fall run.

Good Hunting & Fishing, Skip

September 24, 1976

A regular meeting of the Board of Crawford County Road Commissioners held in their office in Grayling, Chairman Johnson presiding. Members present, Commissioners Harold T. Johnson, R. LeRoy Millikin and Ervin E. Richter, Engineer Manager John M. Keir and Secretary Florence S. Douglas. Absent, none.

The minutes of the last regular meeting were read. A motion was made by Comm. Richter, supported by Comm. Millikin, that the minutes be approved as read. All voted in favor. Motion carried.

The bids for Grading, Gravel and Placing of Gravel for the plats of "Twin Peaks No. 1" and UppNorthe No. 3" opened September 17th, and tabled at that time, were presented for study. After some discussion a motion was made by Comm. Millikin, supported by Comm. Richter, that the bid of Jack Millikin, Inc., for Grading and Placing of Gravel at \$25,840.00 and the bid of Halliday Sand & Gravel, for Gravel at \$1.53 per CY be accepted. All voted in favor, motion carried.

An application was received from Michigan Consolidated Gas Company for a permit to install gas main to serve new customers on Manor Drive in Grayling Township. The permit was approved and signed by the commissioners.

An application for permit was received from Consumers Power Company to construct an overhead line and cut or trim trees as necessary on South Grayling Road, Sec. 20, T25N, R3W, Beaver Creek Township. The permit was approved and signed by the commissioners.

An application received from Top O' Michigan Rural Electric Company, for a permit to bore under a county road and construct an underground distribution cable in "Red Wing Terrace" Subdivision, Sec. 33, T27N, R3W, Grayling Township. The permit was approved and signed by the commissioners.

An application for permit was received from General Telephone Company to place buried communication cable along Stephen Bridge Road in South Branch Township. The permit was approved and signed by the commissioners.

Dean Welch, Road & Bridges Committee of the Board of County Commissioners appeared before the Board.

Vern King, representing Hasper Equip. Co., appeared before the Board.

Dick Shockley, Manufacturers Life Insurance Company appeared before the Board to discuss the pension plan and life insurance.

There being no further business a motion was made and supported to adjourn. All voted in favor, motion carried. Meeting adjourned.

This is one example of a non-profit organization who has taken advantage of Glens Save-Share Program. Pictured at left is Mrs. Theresa Johnson representing the Mercy Hospital Auxiliary receiving a check from Cathy Seabolt in the amount of \$72.74. There are many more groups using it too and there will be a picture of one each week in this paper.

Glens wants everyone in Grayling to know about Save-Share and hopes more groups will use it to raise funds.

All a group has to do is register with the Store Manager or Asst. Manager and begin saving the green register tapes. Glens will pay 1% of the total qualified amount of all tapes brought in to any registered group; and not just once but each time a group brings in \$25.00 worth of slips or more.

# The debates:

## How great?

The wonder of the presidential debate, it is becoming clearer to many of us, is not their value to democracy, but rather that they are being held at all.

The 1976 version may well be the last of a species, too.

The debates are not electric. To many, they are downright uninteresting. As a help in the decision making process for the voters, their value is questionable.

Why, then, have debates at all? The answer, I suppose, is that it is the right thing to do. It's good for democracy.

Where were the debates in 1968 and 1972? The incumbents didn't want them, so they weren't held. This year, Mr. Ford, as the incumbent, felt he was behind Mr. Carter — and he was — so he not only agreed to the debates, but in effect challenged Mr. Carter to meet him on the podium, and Mr. Carter, was only too anxious to accommodate him.

There's only one real reason for the debates: Each candidate thinks he can profit from them politically. That's why they weren't held in 1968 and 1972; that's why they're being held now.

And despite the high-sounding phrases, political profit will be the only reason they will be held in the future. If Mr. Carter is the incumbent in 1980, there probably will be no debates; if there are two new candidates in 1980, the chance of a revival of presidential debates is much greater, but their value is marginal at best.

Conservative columnist James J. Kilpatrick, writing before the first debate, was harshly critical of the whole process.

"Forensically speaking, the debates will be second-class entertainment," Kilpatrick wrote.

"As orators, Ford and Carter have all the excitement of last week's left-over macaroni ..."

"Ford and Carter got themselves into these one-on-one matches in the finest tradition of American Adolescence: The dare. The chip on the shoulder. The line drawn by a stubby toe in the sand. All

around the candidates were bellicose companions urging them on: Let's you and him fight. Our people dearly love a bloodied nose...

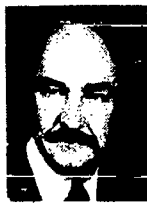

"I know how I would proclaim the winner. It would be the first man who looks the American people in the eye, through the TV lens, and has the guts to tell them: 'I don't know'."

The Kilpatrick criticisms have some merit. Arrangements for the debates took some juvenile turns ... like when Barry Jagoda, a television advisor for Mr. Carter, demanded at one point that there be a four-inch depression in the floor behind Mr. Ford's lectern so that Mr. Ford, at 6-2, would appear no taller than Mr. Carter, at 5-10. Fortunately the demand got nowhere — except into print.

The League of Women Voters, which for some obscure reason has assumed the role as referee and arbiter, takes up its assignment with two-handed vigor — one hand heavy, and the other high. The League has been acting with all the finesse of the NCAA and Big Ten investigating recruiting violations at Michigan State University. Of course, someone has to do it, I suppose, so why not the League of Women Voters?

The fourth debate between the vice presidential candidates likely will top all the others for vim and verve. Sen. Robert Dole and Sen. Walter Mondale are not limited by the mantle of reserved statesmanship, which the quest for the nation's top office bestows upon presidential candidates. At least, restraint has not been conspicuous so far in the vice presidential jousting; of course, neither Mr. Dole nor Mr. Mondale has nearly as much to lose as their superior candidates. Maybe that's why they're freer and more colorful on the stump.

The purpose of the Dole-Mondale debate mystifies me. How many voters will the vice presidential debate inform? How many will it persuade? "Few, if any" would be an appropriate answer to either question. But then, that's also true of the Ford-Carter debates, in all likelihood.

## Honor Local Holiday Inn Housekeeper

MEMPHIS, TENN., Oct. 7—Madelyn V. Ritter, housekeeper of the Holiday Inn of Grayling, has been named one of the international Holiday Inn System's top 100 housekeepers for 1976.

The award of merit was announced today during the 21st annual conference of the International Association of Holiday Inns here. The yearly convention attracted more than 1,350 Holiday Inn owners, company officials and guests from around the world who met to plan operational and marketing strategy for next year and to honor the chain's top performers for this year.

The housekeeping award is based on outstanding efficiency, total responsibility, and high inspection ratings earned by the housekeeping area of the inn.

Memphis-based Holiday Inns, Inc., is licensing company for the world's leading food and lodging chain of more than 276,000 rooms in 1,711 locations in 48 countries and territories throughout the world.

## Editor's Mailbox

To the Voters of Frederic Township:

As the election draws near, I suppose it is only natural that rumors will fly about the candidates who are running for office. However, while it is hard to sit back and listen to the smear campaign that is being waged against Chet Orlikowski, it is doubly hard to realize that our supposedly adult citizen's of Frederic, not only listen but believe it, and pass it further along.

Mr. Orlikowski, who was the winning candidate for Township Supervisor in the primary election, has worked very hard to get out and meet the voters and to let them know his intentions toward doing all he can to help this community.

I will not go into detail as to the ridiculous statements that are being made against this man, but I do ask all of you who are taking part in any way to use a little common sense, and analyze what you hear. Better still, contact Mr. Orlikowski and ask him yourself. Does it make sense to you that a man who has been coming to this community for years, then builds his home and settles here, is going to do anything but work to help the community and its people?

You know, it's an odd situation, that so many of you are willing to abide by the unwritten law that stands like a wall around this town. It says that unless you are born and raised here, you need a special key to unlock that door which permits you to enter into the group that controls this "great little town." Even at that, not too many have invaded that private little circle, as you members of "the center of town, male coffee-clutch" well know.

As for the rest of you, I ask one big, WHY? Why have you let this go on for so many years? We have lived here for 8 years, and have heard so many complaints from you, so many thoughts and wishes expressed as to what could and should be done by our town board; and so many people who feel we need a change of board members. Yet, when someone who is highly qualified, and interested and willing to work at the job, runs for office, it's the same, sad story. You've all heard it. "He's a newcomer. We don't need his big city ideas up here. Think he's going to come up here and take over." Now that's intelligent thinking. It doesn't matter if he has lived here 5-10 or 15 years, he is still a "newcomer". It doesn't matter that people, like us, move here because this is where we want to make our home, and because we didn't want or like what we had in the city.

I know for a fact the number of residents that have jumped in to help and serve this community, and have been faced with a total lack of support for their efforts because they are "newcomers." Now again, we hear, "We don't need this guy coming up here and telling us how to run things." Let's support our hometown boy."

Well, the same "hometown boys" have sat on the board for how long now? And while these board members remain in office your hometown and my hometown which is located in one of the most beautiful areas in lower Michigan, continues to look like the ghettos of the north.

I ask only that you stop long enough and think, and then you will realize how very ridiculous these rumors are. Know that what you are repeating to your neighbor is a true fact, and not something that originated in the circle of our "hometown clique." It's to your benefit, so why not ask the man, himself? By all means find out what kind of person he is and what he can do for you and your community. Remember, this is his hometown, too.

Thank you,  
A Concerned Frederic Citizen

## Joni Austin Has Arrived In Narooma, Australia

The Grayling Rotary Club has recently received a letter from Joni Austin, their exchange student in Australia. The following is part of her letter.

"I've been busy here my first few weeks. Narooma is a small resort town of approximately 2,000 permanent residents and is certainly a friendly city with much to be proud of. I've only attended school 3 days since I arrived which was just before their mid-year break.

"There is no possible way to tell you all of the things I am going to learn and have already learned about. But I know if it weren't for people like you ... there would be no world understanding whatsoever ... Just in a few short weeks I have grown to appreciate my home country and the people within it, and it frightens me to know I am here in this city all alone to give people information about America, because I want everything to sound the way it really is. But most of all I want people to know how generous the people of Grayling are for giving me this opportunity and likewise I want all of you to be proud to have sent me to represent your Club. I am trying my hardest to represent you well and make this year successful for all of us."

Anyone wishing to write to Joni, her address is: Joni Austin, c/o Mike Barry, The Loop, Narooma, N.S.W. Australia 2546.

## Bickel Appointed 4-H Youth Agent For Four Counties

EAST LANSING — Eric E. Bickel has been appointed Extension 4-H youth agent for Clare, Roscommon, Crawford and Gladwin counties effective Oct. 1, pending Michigan State University Board of Trustees' approval.

Bickel, a 1971 graduate in biology from Lake Superior State College, has served for the past two years as the 4-H youth agent for Clare County.

The position is part of a new staffing plan being implemented by the 4-H Youth Program at MSU. Under the new plan, Bickel will provide the overall leadership for the 4-H program in four counties. If funds are available, each of the counties will also be served by a 4-H program assistant.

Michigan 4-H Youth Program has been expanding at a rapid rate and now involves more than

250,000 young people. "This new staffing plan is part of the effort to increase the opportunities available through 4-H to Michigan's youth," says Dr. Norman A. Brown, state 4-H program director.

Bickel's duties include: organizing and implementing the youth development programs; recruiting, training, and assisting volunteer leaders; and assisting and advising local support groups in securing and managing funds to support the 4-H program.

Willard Bosserman, County Extension Director for Crawford and Roscommon Counties is hopeful that both counties will support a share of a county 4-H program assistant. If they do the 4-H program will be in its best position ever to serve the needs of the youth of the two counties.

## District Court

The following appeared in the 83rd District Court before Judge Francis L. Walsh last week:

Chris D. McGillis, 19, of Roscommon, demanded preliminary examination to a charge of conspiracy to commit armed robbery. The 12 day period was waived and bond was set at \$1,500. cash/surety. Sheriff's Deputies arrested him November 22, 1975.

Daniel Robert Hilgendorf, 18, of Roscommon, was bound over to Circuit Court after having preliminary examination to two charges of possession of Diazepam and possession of Ethchloriuv-nol. \$200.00 personal bond was set. Hilgendorf was arrested by City Policemen August 8.

Joseph C. Lawe, 20, of Grayling, pleaded guilty to two charges of simple larceny and possession of marijuana. On the first charge he was ordered to pay \$85.00 or serve 10 days in jail and on the second offense the total fine and costs were \$305.00 or 30 days in jail. Lawe was apprehended on a citizen's complaint September 9.

Curtis L. Lawrence, Jackson State Prison, was apprehended on a citizen's complaint in his 2nd offense of violating the controlled substance act. Preliminary examination was held in which the 12 day period was waived. He was arrested July 28.

Russel Roger Mauritho, 52, of Riverview, was ordered to pay fine and costs of \$205.00 or 14 days in jail after pleading guilty to a charge of driving while under the influence of intoxicating liquor. Conservation officers arrested him June 2.

Hazel Marie Small, 18, and LeRoy James Moore, 17, both of Roscommon, were ordered to pay fine and costs of \$105.00 or serve ten days in jail after both pleading guilty to a charge of disorderly person under Grayling City Ordinance #4. City Policemen arrested them September 25.

## Hospital Auxiliary

The ladies of Mercy Hospital Auxiliary went to Petoskey for the Fall meeting of the North Central District, October 7th, at the Bay View Petoskey Country Club. Most of the hospitals were well represented. Eighteen ladies were present from Mercy Hospital, Grayling.

The trip over was delightful. The fall colors were at their peak. Everyone is busy getting ready for our Holiday Bazaar and Silver Tea which will be held October 21, at the North Wing of Mercy Hospital. Lunch will be served from 11:00 a.m.

We promise this Bazaar will be bigger and better and we hope to see all of our friends who have supported us in the past.

Prizes will be displayed in town soon, so look for them. All Auxiliary Members are selling tickets, so don't hesitate to ask them for one. There will be many beautiful door prizes.

Our next meeting will be held on October 14th, at 1:00 p.m. Members, please come and bring tickets and donations.

**DID YOU KNOW THAT A DIVISION OF YOUR PROBATE COURT DEALS WITH JUVENILES?**

The importance of this division of the Probate Court is increasing by leaps and bounds because of the increased anti-social activity of some youth in this community.

The vast majority of our youth are to be congratulated for their intelligence, ambition and worthwhile contributions to our society.

Unfortunately, there is an element in juvenile society that requires our attention as a result of their unacceptable activities. In a large measure, the behavior patterns of this group can be altered if they are made to realize their conduct will have unpleasant consequences to themselves.

Your Probate Judge has the authority to impose sanctions, and in other ways, assist in altering anti-social behavior. This type of "direction" has become an absolute necessity in our society.

I want the opportunity to give that direction as your Probate and Juvenile Court Judge.

## TO THE VOTERS OF CRAWFORD COUNTY

I AM NOT BACKED OR ENDORSED BY THE U.A.W. LOCAL 1903 OR THE APPARENT U.A.W. AFFILIATED GROUP CALLING THEMSELVES, "THE CONCERNED CITIZENS FOR BETTER GOVERNMENT [CHAIRPERSON, HELEN CRAWFORD]."

I DO NOT FEEL THAT THE ISSUE IN THE NOVEMBER 2nd GENERAL ELECTION [Crawford County] IS BETWEEN THE DEMOCRATS OR REPUBLICANS, BUT RATHER IF, THE VOTERS ARE GOING TO TURN THE LAW ENFORCEMENT OF CRAWFORD COUNTY OVER TO U.A.W. THEY WERE ABLE TO "TURN THE LOCAL PROSECUTOR OUT OF OFFICE" [QUOTE FROM THE DETROIT FREE PRESS, SEPT. 26, 1976].

JOHN HUSS, IN MY OPINION AND MOST POLICE OFFICERS, [CITY, COUNTY & STATE] IS ONE OF THE FINEST PROSECUTORS IN THIS HALF OF THE STATE. [CHALK ONE UP FOR THE UNION, ONE MORE TO GO].

I AM NOT STATING THAT OTHER CANDIDATES RUNNING FOR OTHER PUBLIC OFFICES AND ENDORSED BY "THE CONCERNED CITIZENS FOR BETTER GOVERNMENT", ARE OR WILL BE CONTROLLED BY THAT GROUP. BUT I DO SAY THEY ARE OUT TO GET CONTROL OF THE LAW ENFORCEMENT.

THE WORKERS HAVE A RIGHT TO STRIKE, SO LONG AS THEY STAY WITHIN THE LETTER OF THE LAW. I HAVE NEVER SAID OR INDICATED DIFFERENT.

BY THE SAME TOKEN, THOSE THAT WANT TO WORK HAVE A RIGHT TO DO SO.

IT'S UP TO ALL LAW ENFORCEMENT OFFICIALS TO REMAIN ABSOLUTELY NEUTRAL, TO NEITHER COURT NOR FAVOR ONE SIDE OR THE OTHER AND ABOVE ALL ELSE, TO ENFORCE THE LAW REGARDLESS OF POLITICAL CONSEQUENCES.

AS I HAVE STATED ABOVE, I BELIEVE THE U.A.W. LOCAL 1903, AND THE APPARENT U.A.W. AFFILIATED GROUP CALLING THEMSELVES "THE CONCERNED CITIZENS FOR BETTER GOVERNMENT," WANT TO CONTROL THE CRAWFORD COUNTY LAW ENFORCEMENT. THE FOLLOWING ITEMS I BELIEVE ARE PROOF. THE FIRST WAS TAKEN FROM THE "DETROIT FREE PRESS" OF SEPT. 26, 1976, BY JIM SCHUTZE. THE SECOND FROM THE U.A.W. PUBLICATION "SOLIDARITY" OF SEPT. 18-30, 1976, VOL. 19, NO. 8, BY DAVE ELSILA, TITLED "SLINGS & ARROWS IN A COMPANY TOWN". [I HAVE INCLUDED THE PARAGRAPH BEFORE AND AFTER THE PARAGRAPH I WOULD LIKE YOU TO READ, SO YOU WILL KNOW THAT THEY ARE IN COMPLETE CONTEXT.]

### I QUOTE:

#### From The Detroit Free Press

Grayling Mayor Derek McEvers says the strike has not yet harmed the community economically but may begin to hurt now that the heavy tourist season has ended.

The strike's political impact on the town has been more direct. The strikers have adopted a new and fierce political consciousness. They have fought successfully to turn the local prosecutor out of office, and Sheriff Hatfield admits openly that he is running scared in this fall's election.

For decades, Fred Bear has always been "Mr. Bear" to the Grayling people who met him in the woods or over coffee at the Chief Shoppemagon Hotel. Even though the strikers will treat him gently, they refer to him now more brusquely as "Bear".

#### From the U.A.W. SOLIDARITY

The strikers are standing up to the company's threats. They've published their own ads, and wherever possible, they've filed unfair labor practices or legal charges. Virginia Brozowski has been ordered reinstated. A blue-ribbon citizen's committee has been organized to try to bring Bear to the bargaining table. Some merchants have quietly donated cash to the union's relief fund and sent beer and soft drinks to union picnics. On the Sunday before Labor Day, a special mass was said for the strikers in a local church.

The union's biggest victory so far came Aug. 3, when a union-backed candidate defeated incumbent prosecutor John Huss, who had ordered the arrests of many of the strikers. Another union candidate lost to Sheriff Hatfield by only 17 votes. "We think people have had their eyes opened to the way Bear has controlled the city government," said Local President Swanson. "Our political drives may bring about the election of officials who will see to it that all citizens receive fair and equal treatment in Grayling."

Strikers are also initiating a national boycott of Victor products, endorsed by the UAW's International Executive Board last month (see box). And they are, of course, closely watching the latest UAW lawsuit.

### U.A.W. Files Suit Against Judge, Prosecutor, Sheriff, Police Chief

### Dismiss Suit Against Local Officials

On Tuesday, July 27, attorneys for the UAW moved for dismissal of their suit against District Judge Francis L. Walsh, Prosecuting Attorney John B. Huss, Sheriff Harold Hatfield, and City Police Chief Peter Stephan, in Crawford County Circuit Court.

Judge William A. Porter granted the motion to dismiss after attorneys for all concerned agreed in chambers that the statute MCLA 750.352 which provides: "Any person who shall, by threats, intimidations, or otherwise, and without authority of law, interfere with, or in any way molest, or attempt to interfere with, or in any way molest or disturb, without such authority, any person, in the quiet and peaceable pursuit of his lawful occupation, vocation or avocation, or on the way to and from such occupation, vocation or avocation, or who shall aid or abet in any such unlawful acts, shall be guilty of a misdemeanor", had never been declared unconstitutional and was still a valid Michigan law.

The UAW attorneys agreed to pursue each case on an individual basis in District Court by filing appropriate motions and demanding trials. Prosecuting Attorney, John B. Huss stated that he would continue to carefully review each and every complaint before issuing warrants under the contested statute.

Local 1903 of the international Union, United Automobile, Aerospace and Agricultural Implement Workers of America (U.A.W.) filed suit July 21st in the Circuit Court for the County of Crawford against Francis L. Walsh, District Judge for the 83rd Judicial District, John B. Huss, Crawford County Prosecuting Attorney, Harold Hatfield, Jr., Crawford County Sheriff and Peter Stephan, Grayling City Police Chief.

The suit seeks to prevent the local law enforcement officials and District Judge from enforcing MCLA 750.352 which provides:

"Any person who shall, by threats, intimidations, or otherwise, and without authority of law, interfere with, or in any way molest, or attempt to interfere with, or in any way molest or disturb, without such authority, any person, in the quiet and peaceable pursuit of his lawful occupation, vocation or avocation, or on the way to and from such occupation, vocation or avocation, or who shall aid or abet in any such unlawful acts, shall be guilty of a misdemeanor."

The suit seeking superintending control of the District Judge to order him to dismiss all charges, a declaratory judgment that the statute is unconstitutional and a temporary restraining order enjoining local law enforcement officials from making any further arrests was filed as a direct result of the issuance of approximately 20 warrants by Prosecuting Attorney John B. Huss on the complaints of several hourly and salaried Bear Archery employees.

The charges grew out of several nights of incidents involving pick-up trucks occupied by numerous persons identified as U.A.W. strikers who allegedly threatened, molested and intimidated non-striking workers and their families at their residences, an official said. William A. Porter, Circuit Judge for the 46th Judicial Circuit, ordered all further proceedings in the 83rd District Court stayed until a hearing may be held during this week at which time all parties will be heard.

Judge Porter, however, refused to grant the U.A.W.'s motion for a temporary restraining order pending that hearing.

Middle School News

(by Fraser Dean)

Cadillac, Grayling, Farwell, Kalkaska, Cheboygan, Rogers City, Pinconning, Kaleva, Tawas, Bay City, Cedarville, Brimly, Bellaire, Manistee and Mancelona are all Northern Michigan towns that were in the news this past summer because they were unable to pass school operating millages. Several of the school districts have had failures after failure and in at least a few instances have stopped trying.

There is absolutely no question that most Michigan school districts are in a state of financial crisis and have arrived there because of four major reasons. They are: (1) The state reneging on state aid payments for the 1975-76 school year (a loss of \$70,000 to the Crawford AuSable Schools alone); (2) A continued shift of the cost of operating schools from the state to the property owners. The state share of costs has dropped from \$788,000 last year to \$340,000 this year in the Crawford AuSable Schools (a loss of \$448,000). Increased property taxes due to increased land values and higher assessments combined with the reduction in state support in an equal dollar trade off. (3) Increased operating costs due to inflation; particularly for heating fuel, gasoline, and electricity. (4) Intense citizen dissatisfaction with taxes in general combined with the fact that school millages are about the only tax issue they can vote on.

Unless some drastic changes are made in the State's school funding formula these previously mentioned school districts will be joined by another forty or fifty additional districts who are faced with the need to vote operational millage this coming spring, plus a hundred or more districts down state. Using comparative terminology, the climate for school millage in 1975 was bad, in 1976 it was terrible, and in 1977 it could well be a disaster.

The project success program is again underway in our 5th and 6th grades. The students are trying to adjust to moving around the room to different study centers. They are learning co-operation, independence, self discipline and democracy, and to rely less on a teacher to feed them information.

The teachers are studying the strengths and weaknesses of each student. A program will then be designed to fit the individual motor, auditory, visual and academic needs of each child. Several resource persons are also participating in our rooms to help teachers make accurate diagnoses.

Watch for our forthcoming open house, and plan to attend. Find out first hand what our exciting program is about.

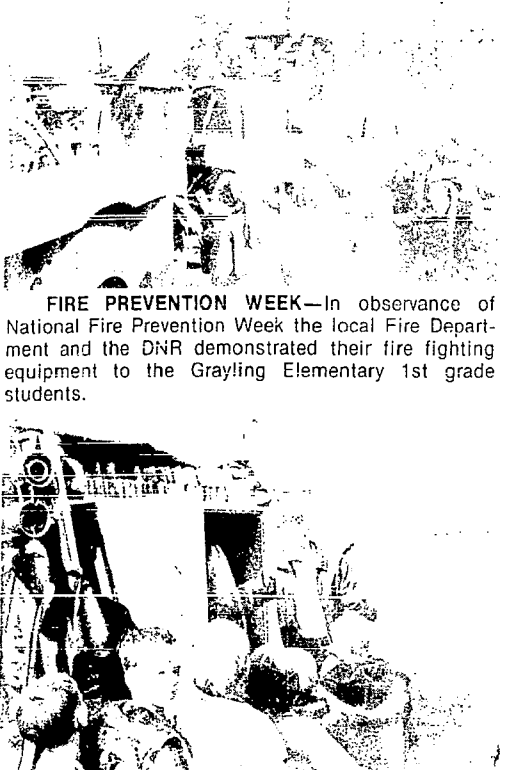

Last week Mrs. Lattimer's creative sixth grade students proudly entertained the other sixth grade rooms and Mr. Nicholas with a film they made themselves. Using an old 8mm film which had been bleached until it was transparent, each student designed about 18 inches of the film with magic markers. When the film was projected and taped music was added and the effect was a spectacular sound and light show.

**YOUR WEEK AHEAD** By DAMIS

Forecast Period, October 17 to October 23

<b>ARIES</b> Mar. 21-Apr. 19	The New Moon brings partnership matters to the fore. Follow up on all matters. Listen to your mate.
<b>TAURUS</b> Apr. 20-May 20	A great deal of activity this week with other people. A very dynamic person is likely to stir you into action.
<b>GEMINI</b> May 21-June 20	You will be quite energetic in your work. Take care around machinery or chemicals.
<b>MOONCHILD</b> June 21-July 22	Emotional excitement is high. Avoid quarrels or confrontations as they will surely give you a bad case of indigestion.
<b>LEO</b> July 23-Aug. 22	A busy week for you — communication with family and neighbors. Probably some surprise visitors.
<b>VIRGO</b> Aug. 23-Sept. 22	Much coming and going this week. Watch the speedometer as those patrol cars have you in sight.
<b>LIBRA</b> Sept. 23-Oct. 22	A good time for acquiring material possessions, or buying or selling property. Go get it.
<b>SCORPIO</b> Oct. 23-Nov. 21	Energy is high. Steer it in the right direction. Projects requiring physical exertion could bring a feeling of healthful well-being.
<b>SAGITTARIUS</b> Nov. 22-Dec. 21	The New Moon in your Eleventh House brings interaction with groups and organizations, probably in the home.
<b>CAPRICORN</b> Dec. 22-Jan. 19	Friends will encourage you to assume a leadership role in some manner. Be wary where risky or dangerous enterprises are involved.
<b>AQUARIUS</b> Jan. 20-Feb. 18	An urge to further career ambitions pays off. Outlooks are favorable for initiating new career activities.
<b>PISCES</b> Feb. 19-Mar. 20	Important communications reach you in matters of finance — perhaps relating to inheritance, wills, taxes, etc. Study the matter well.

# **Prosecuting Attorney** **JOHN HUSS**

**LOST THE PRIMARY ELECTION BY 13 VOTES**

WE FEEL THIS WAS DUE TO A VERY WELL ORGANIZED SMEAR CAMPAIGN BY A GROUP OF PEOPLE WHOSE GOAL IS TO GET JOHN HUSS OUT OF OFFICE. NOT BECAUSE JOHN HUSS WASN'T DOING A GOOD JOB, BUT BECAUSE HE DARED TO DO HIS JOB AND UPHOLD THE LAW AND PROTECT THE RIGHTS OF ALL CITIZENS IN CRAWFORD COUNTY, RATHER THAN BE CONTROLLED OR DICTATED TO BY A POLITICALLY POWERFUL ORGANIZATION.

**Below is a quote from the Official U.A.W. Publication Solidarity dated September 16-30, 1976**

THE UNION'S BIGGEST VICTORY SO FAR CAME AUG. 3, WHEN A UNION-BACKED CANDIDATE DEFEATED INCUMBENT PROSECUTOR JOHN HUSS, WHO HAD ORDERED THE ARRESTS OF MANY OF THE STRIKERS. ANOTHER UNION CANDIDATE LOST TO SHERIFF HATFIELD BY ONLY 17 VOTES.

**THINK ABOUT IT VOTERS!!!**

We hope the citizens of Crawford County will join his fight to continue fair, equal, and impartial law enforcement, and to keep the Control of our Local Government in the hands of All Citizens, not just a few. If you agree,

Autumn leaves, after they've fallen . . . ants at a picnic . . . rain when you've wished for sun. Life is full of such tangles.

But it's how you approach them that counts. Upbeat, or downbeat?

You can rake leaves, enjoying the golden quiet of an October afternoon. You can brush aside the ants and enjoy the picnic. You can settle in with a book on a rainy afternoon.

The choice is yours—for the best of things, or for the worst of things. Like going to church . . . it's up to you!

Why not try the upbeat way there, too?

## ABWA News

The September meeting of the American Business Women's Association was held at the Grayling House on Thursday, September 21st. Our guests for the evening were Betty Smith from Grayling Mercy Hospital, Jeannine Fijolek of Grayling State Bank, Barbara Shulz of the Pinecrest, Shirley Evon of Red's Party Store, Terry Wakeley from Jolly Redskin Canoe Livery and the COOR Intermediate School District and Sandy Fleming of Bill's Laundry and Dry Cleaning and the Crawford AuSable Schools.

Joanne Hall was our vocational speaker and talked about her new position as Secretary to Howard Taylor in the Community Education Office. The minutes of the August meeting and the Treasurer's report were made and accepted.

Elaine Harland, Program Chairman announced that Marilyn Longworth would be our speaker for October. Marilyn will talk about Taxes and the Working Woman - this should be a topic near and dear to all our hearts and we hope all members will make it - and bring a guest.

Marie Akers, Educational Chairman, read a letter from our newest scholarship recipient Suzanne Tomkins.

This was the final month of our Attendance Contest. Winners will be announced at the October meeting.

President Jini Hindmarsh announced that we had completed all but one requisite for our Standard of Achievement this year. In order to become eligible it was voted to make a contribution to the Samuel Buffon Memorial Fund.

Carol Miller, Chairman of the Nominating Committee announced the slate of officers for the coming year. Voting was done by ballot and the newly elected officers are as follows: Kathy Parkinson, President; Betty Bennett, Vice President; Treasurer, Jackie Huddy; Recording Secretary, Marie Akers; and Corresponding Secretary, Jini Hindmarsh. The new officers were installed and will begin their term of office with the October meeting.

President Jini Hindmarsh and Vice President Cathy

Bloomquist installed five new members into Grayling Charter Chapter. We enthusiastically welcome Betty Smith, Jeannine Fijolek, Terry Wakeley, Shirley Evon and Sandy Fleming. We hope you will enjoy ABWA and gain from it - we know you all have much to offer.

Our next meeting will be held at the Grayling House on October 19th. The next few weeks will be very busy for ABWA members. The new officers will be meeting with the 1976 officers - learning and taking over their new duties - selecting new chairmen for Standing and Special Committees - and making plans for the coming year.

This also includes a new Public Relations - Publicity Chairman, and so this will be the last article from ...

## Moose Chatter

by Clarence Tetting  
Well, we did it, brought the plaque home from Manistee Saturday night. There were twelve of our brothers and eleven ladies. The next district meeting will be in Reed City on November 6th.

By the time the paper comes out you parents, of young children and teens, know that there is a program started for them downstairs in the Moose, under the Big Brother and Big Sister program. These children will enter through the outside door going downstairs. The only time that they will be allowed on the first floor will be to go to the rest room. The way I understand it, they will have an older person with them at all times.

This Friday night will be the regular Moose meeting, Oct. 15th, 8:00 p.m. If you would like to know what is going on and being done, attend these meetings.

This is just a reminder of the Legion of the Moose breakfast at eleven o'clock this coming Sunday, Oct. 17th.

I am very happy that there aren't any of our members on the hospital list this week.

There will definitely be live music on the 16th of October for your dancing and listening pleasure. Come and enjoy yourself.

## Assembly of God Speaker

The Reverend David A. Womack, Home Secretary for the Assemblies of God Division of Foreign Missions and author of several books, will be guest speaker October 15 - 17, at the Grayling Assembly of God Church, 911 Elm, the Reverend Dan Brown, pastor, has announced.

A former missionary to Colombia, South America, Mr. Womack has traveled extensively throughout the world. He speaks Spanish fluently and often preaches to Spanish - speaking congregations both at home and abroad.

He is a graduate of Northwest College in Kirkland, Washington, where he also received his masters degree. In addition, he has studied guitar under Eugenio Isaac, a leading classical master in Central America. Mr. Womack purchased his present guitar in Uruguay, where it was built from the wood of an old German piano.

There will be a Missions Banquet Friday at 6:00 p.m. and Saturday at 7:00 p.m. and Services on Sunday at 10:00 and 7:00 p.m. Pastor Brown invites the public to attend this special missions rally.

The Avalanche — Your

## Editor's Mailbox

September 30th  
Dea: Whitey:

Today I was a guest at the Santa Fe Rotary Luncheon. That's not too unique! When the President introduced me as a visiting Rotarian from Rochester things became unique. A retired Episcopal minister sat down with me like an old friend. He had been a travelling clergyman covering Lake Orion, Romeo, Almont and Dryden back when the horse and buggy over plank roads was the best means of travel. There's more!

When he learned I was from Grayling, he immediately, with no hesitation said, "That's where they have the Crawford County Avalanche!" From there he couldn't stop.

George Stracke, my new friend, built the original buildings at Camp Grayling including the hospital, garage, warehouse and all electrical and telephone lines. That was back about 1916, as he recalled. He knew Al Pearson, Sindlinger and many others then with the M.N.G. He recalled "Collins Landing." Particularly he enjoyed telling others at the table about the phone operator whose switchboard was located opposite the Avalanche. He told them how her seat was in a second floor by-window over the post office so she could see everything that went on. I remember that too! He recalled Dr. Palmer and O.P. Schuman, George Burke, most of the Olsons, Petersons, Hassmussens, Hansons, Larsons and more. He said Grayling had 16 saloons when he first went there. He remembered Bill Joseph's dad and grandfather. This went on for an hour so I just can't cover in a brief letter all the people and situations he talked about. For a man in his late 80's he had a memory like a book, and that makes me ashamed.

My point, Whitey, is that some in Grayling may remember this man and be pleased to know he is enjoying life in the Santa Fe mountains area which is rich in Indian and Spanish culture with buildings dating back to 1610.

Cordially,  
John H. Peterson

## Re-Elect THE Man of Experience: JUDGE EMIL L. KRAUS!

Shawnee Indian towns in what is now Ohio felt the sting of a retaliatory expedition that George Rogers Clark led northward in August of 1780 after a British-Indian force from Detroit had attacked Ruddle's and Martin's stations in Kentucky.

Clark's army, which found its first target, Old Chillicothe, abandoned and burning, destroyed the Indians' crops in nearby fields and moved on to Piqua, setting the stage for the climactic battle of the campaign.

For other than Ohioans it may be a bit perplexing that the sites of these Indian towns are not the modern cities of Chillicothe and Piqua. The Shawnees' Chillicothe in 1780 was at present-day Oldtown, just north of Xenia. Piqua, marked now by a statue and park in memory of Clark, was not near today's Ohio city of Piqua — despite what members of a large automobile club find in their usually reliable tour guide book. It was a few miles west of Springfield.

Generally competent historians have also had problems locating the Shawnee village of Piqua. James Alton James, professor of history at Northwestern University, says in "The Life of George Rogers Clark" that it was "on the Big Miami." Theodore Roosevelt, in "The Winning of the West," places it "on the banks of the Little Miami." Actually, it was on the Mad River.

Among the one thousand members of Clark's force that moved north from the Kentucky settlements toward the Indian towns were frontier heroes Daniel Boone, Simon Kenton and James Harrod. Fighting alongside the Shawnees in the defense of Piqua was Simon Girty, whose role in raids against the settlements made him one of the most feared and hated Loyalists.

Clark was at Kaskaskia on the Mississippi River when rumors reached him of a British plan to send an expedition southward from Detroit under Colonel Henry Bird. Clark stopped first at Fort Jefferson, which he had erected earlier in 1780 just below the mouth of the Ohio River at what is now Wickliffe, Ky. Then he and two companions, disguised as Indians, set out for the Kentucky settlement of Harrodsburg, narrowly averting capture by Indians on the way.

At Harrodsburg, Clark learned of the assaults on the tiny frontier posts of Ruddle's Station and Martin's Station, and he began to organize a force to retaliate. His first step was to order the land office closed until he should return from his campaign. Then he recruited volunteers from the men who were waiting for a chance to get an assignment of land. Others enlisted the help of men at neighboring settlements while Clark went to Fort Nelson at the falls of the Ohio to lead his regiment

principles useful to the salesperson and broker alike in conducting a successful business. However, for those not already licensed as salespersons, the course provides more than adequate preparation for writing the State licensing examination administered by the Michigan Department of Licensing and Regulation.

Topics to be covered in the week-long intensive course include: organized real estate, ethics and equal opportunities; urban growth, economics and securities; the process and pricing of listings; real estate marketing; and successful salesmanship.

Persons interested in enrolling in the course should contact the University of Michigan Extension Service in Ann Arbor at (313) 764-5304 as soon as possible.

## Traverse City State Hospital Planning Now for Christmas

Although it may seem a bit early, it is not too early to begin planning for Christmas at Traverse City State Hospital. The institution has a large number of patients, and a great amount of time and effort in behalf of those patients are required to insure a "Merry Christmas" for all of them.

It takes time for clubs and civic organizations, churches and schools to formulate plans in order to participate in the Christmas effort at the hospital. This effort has been going on since 1956, and has guaranteed that every single patient in the hospital will get an assortment of desired gifts.

Organizations that are within the commitment area of the hospital, which includes all of the northern half of the lower peninsula for adults, and that same area plus all of the upper peninsula for children's services, are now urged to begin to make plans to take part in the Christmas activities for the hospital's patients.

Volunteers will begin wrapping gifts about November 15, and the task must be completed no later than December 20. The hospital would like to receive as many of these gifts as possible by the November 15 date. Gifts must be sorted and made ready for wrapping. Gifts should not arrive later than December 10, if at all possible. Gift wrapping paper and ribbon should be included.

Each year lists of all patients on the wards with the items they desire are indicated. The hospital tries to provide gifts on the basis of this list as much as possible.

Gifts do not have to be expensive, but they must be new. Service groups, clubs, churches, schools and other groups and individuals are cordially invited to take part in the 1976 Christmas program. The hospital usually runs short of men's gifts. For this reason it is suggested that men's service organizations concentrate on gifts for men, and school children might concentrate on gifts for children, etc.

Christmas gifts should not be wrapped. Such items as toiletries for both men and women, inexpensive items of clothing for all ages from nine to ninety-two, books, games, puzzles, smoking materials, fruit, candies, and a host of other items are just a few suggestions.

Additional information can be obtained by contacting the Community Relations Department, Box C, Traverse City, Michigan, 49684. Gifts which are sent to the hospital should be addressed in the same way, and should include the name and address of the club or organization so that a letter of

acknowledgment can be sent. Christmas is an extremely important season for patients at Traverse City State Hospital. Organizations and individuals within the hospital's committing area are the only answer to the question, "What kind of a Christmas will these patients have?"

## Bits O' Talk

by Fay Bovee

Mr. and Mrs. Bob Mitchell of Ann Arbor spent the weekend visiting her sister and family, Mr. and Mrs. Jack Trudgeon. They were on their way to Sault Ste. Marie to visit her parents, Mr. and Mrs. Rene Savoie.

Many Grayling couples were in attendance at the Michigan - Michigan State game in Ann Arbor this past weekend. Among them were the Bruce Smiths, Bill Josephs, Paul Thomsons, Dale Nicholas, Mike Branches and Jim Duleys.

Your vote would be appreciated for Beaver Creek Township Clerk, Virginia Milikin.

The Bruce Smiths spent several days in the UP last week going up to do some Coho and Pike fishing. They report having had good luck with the fishing.

Mr. and Mrs. Les Hunter spent part of the weekend in Lansing where they went to visit their daughter, Paula, who is a student at Lansing Community College.

## School Execs. Hold Party

The Crawford - AuSable Schools Administrative Staff and the Board of Education held a Bicentennial Pot Luck Dinner on Sunday, October 10th at 6 p.m. at the Enlisted Men's Club at Camp Grayling. About 100 teachers and their spouses attended the dinner. The evening was spent visiting and getting acquainted with some of the new staff members, as well as renewing friendships with long-time staff.

As usual, the buffet table was laden with delicious food and the general consensus was "let's do it again."

## PROSECUTING ATTORNEY

During the recent Primary Campaign I stated to the people of this county that:

"The constitutional burden of a Prosecuting Attorney is to insure that justice is accomplished. It is the Prosecutor's duty to see to it that the innocent are protected as well as that the guilty are punished. Further, the Prosecutor must be ready and able to assist other county officials with matters that are legal in nature. I am prepared to assume this obligation."

I wish to thank you for your support in that campaign.

Now, as the Republican candidate unopposed on the ballot in the November election, I wish to reaffirm my belief in those remarks.

As the next Prosecuting Attorney of this county, I pledge to you the electors a fair, efficient, vigorous and fiscally responsible program of law enforcement.

## Otsego Hospital Earns 2 Yr. Accreditation

Otsego Memorial Hospital of Gaylord has just received notice from the Joint Commission on Accreditation of Hospitals that they have been awarded the maximum two year accreditation status.

According to Robert Kemp, Administrator, this accreditation will run through 1978. The accreditation is the result of an on-site survey of Otsego Memorial Hospital performed by Dr. Louis Matthei, Phillip Hall and James Catney. This group constitutes a physician, a hospital administrator and an R.N.

A two year accreditation is the "benchmark of highest achievement" maintained by the hospital. The Joint Commission sets forth optimal goals of excellence against which the facility is measured. The receiving of a full two year accreditation indicates that Otsego Memorial Hospital has met and complied with all of these standards.

Mr. Kemp stated that, "the medical community the hospital serves and all of the hospital staff can be very proud of this achievement, because it represents a review of all aspects of health care and indicates a quality of care rendered that is higher than governmental licensure alone."

Dr. Louis Matthei, the physician member of the survey team made the comment that, "Otsego Memorial Hospital is the first hospital we have surveyed in the state of Michigan where all of the previous recommendations from the former survey were complied with." He noted, "This 100% compliance indicates the hospital is interested in improving the quality of care to the patients that it serves."

## With a Reckless Hunter Your Home May Be In His Sights

CADILLAC — More than \$100,000 was spent by Consumers Power Company last year because gunshots damaged or destroyed more than 1,500 insulators on transmission and subtransmission lines, according to Willis C. Allen, Cadillac, the utility's district manager.

"Should 1976 show as much damage, even more will have to be spent, because the cost of replacing insulators has risen," Allen said.

The Jackson-based utility in 1975 had to replace 1,520 insulators damaged or destroyed by gunfire. This was only 16 less than the record number damaged in 1974.

Gunshots also damaged six transmission lines, two poles and seven transformers.

Besides the repair costs that are ultimately shared by all electric customers, more than 100,000 customers experienced a cost that cannot be calculated, Allen said. "Lost production, interrupted recreation, just plain normal living inconvenienced by the sudden interruption of power — how can that be assessed?" Allen asked.

Ninety-seven outages caused by gunfire last year resulted in 100,263 customers being without service for 8,053,859 "customer minutes," according to Consumers Power records.

That figures out to 5,593 customer days lost during 1975 because insulators were used for target practice.

"Danger! It may seem like fun to shoot out an insulator, but effects can be

dangerous for many people dependent upon electricity," said Winton L. Chance, senior engineer in the electric distribution department of Consumers Power.

"For example," he said, "2,557 customers near Lansing were without electricity for 50 minutes on February 15 of this year."

"Included in the interrupted facilities were a retirement home complex, a State Police post, a fire department, traffic lights and sewage pumping."

"Each of these facilities needs electricity to protect the lives, safety and well-being of residents."

To combat the incidence of guns being aimed at insulators, Consumers Power is attempting to alert the public to the problem in its 27,000 square mile electric service area. Included in the company's effort are displays in customer contact offices and employee lunchrooms, a published notice in the Hunters Guide distributed by the Department of Natural Resources, and alerting news outlets. Rewards are offered for information leading to the arrest and arraignment of, or reparations from, people who destroy company property.

A special effort will be addressed to the "indirect victims" of gunshot damage — homeowners whose electricity is cut off when insulators are shot away. They will be urged to call local police or a Consumers Power office if they see someone firing at insulators.

"Gunfire damage to insulators can cause poles to burn when electric lines are short-circuited. Also, an energized line that falls to the ground could cause serious injury to someone or could start a brush fire," Allen said.

Consumers Power patrols its transmission lines regularly searching for damage before power failures result, but when careless or malicious shooters damage so many insulators, power failures are inevitable, Allen said.

When's the last time you looked under your car? Or asked your service man to? Next time you change oil, and your car's on the rack, keep it up. At least long enough to check your exhaust system, shocks, wheel seals and the underall condition of your car. Most of the time you can spot trouble before it becomes a major repair bill.

And, if your service dealer displays the NAPA sign, you can be sure that any needed replacement parts are guaranteed to meet or exceed all manufacturers' warranties. NAPA with a stock of over 90,000 part numbers is the brand you can trust.

Next time, to avoid costly upkeep, remember ... keep it up. With genuine NAPA parts and service.

## Conservation Man Promoted

Charles E. Varner, Conservation Officer at Roscommon since July 1974, has been promoted to Area Conservation Officer for Roscommon and Ogemaw Counties. The announcement was made from the Region II Headquarters of the Department of Natural Resources.

Varner, 36, first joined the Conservation Officer ranks in 1967 and served in Manistique, Grand Marais and Munising before moving to Roscommon. He graduated from Royal Oak High School, attended Northwestern Michigan College and served four years in the U.S. Marine Corps. Before joining the Department, Varner was an Inspector with the Birmingham Fire Department.

Mr. Varner, his wife Sharon, and their two sons and daughter, will continue to reside in Roscommon.

## Frederic Community Library

With Halloween just a short time away we have these books available for boys and girls. "Dorrie and the Halloween Plot," by Patricia Combs; "Old Witch Rescues Halloween," "In a Pumpkin Shell," "The Magic Pumpkin," "How the Spider Saved Halloween," "Willavilla the Wishful Witch," "George's Halloween" and "Witches, Ghosts and Goblins".

Another new paperback book that is available is "In Search of Noah's Ark" by Batsiger and Seller. This is the book which the movie that was recently shown in the area, was based on.

Don't forget to turn in your Glen's Market grocery tapes. Our thanks to all the friends of the library for helping us. Keep up the good work. Turn them in to the library, Rita Sarraut or Newberry's General Store.

The library is located in the Frederic Town Hall. The fall hours are Monday and Thursday 12:00 Noon to 8:00 p.m., Tuesday, Wednesday and Friday, 9:00 a.m. to 5:00 p.m. Be sure to stop. Our librarian, Barbara Verlinde, is there to assist you.

## Bits O' Talk

by Fay Bovee

Bowhunting was the main activity at the cabin of Eva Jeanne Smith this week, when her husband, Donald and her son, Ronald, joined her for their fall vacation week. They also did some partridge hunting, fly fishing on the North Branch of the AuSable and took a canoe trip to see the color on the river. Saturday night, they were joined by Kitty and Junior Pellegrini and George Jerrell of Detroit for an evening out, including dinner and dancing. Mr. and Mrs. George Palmer of Lainsburg, Mrs. Smith's parents, drove up on their annual color tour Sunday and left Tuesday for their cottage near Standish.

Your vote would be appreciated for Beaver Creek Township Clerk, Virginia Millikin.

Mr. and Mrs. Carl Doroh left last Friday morning early for a visit with their daughter, Mr. and Mrs. Gary Townsend and Scott. It was a celebration of Carl's birthday event and little Scott's birthday soon approaching. The color in the "hardwoods" made Mrs. Doroh remember the "magnificent maples" she saw in her parents' "wood lot on the farm" in Eaton County long ago. All of the color was very beautiful all the way up to Marquette.

## Elias Brothers Restaurants Receive Award

WASHINGTON — Elias Brothers Restaurants, Inc. today received the Growth Company Award for 1976 from the National Association of Investment Clubs (NAIC).

The award was presented here to Fred Elias, chairman of the Detroit-based food service company, by John R. Meyer, an NAIC vice president, at the association's twenty-sixth National Convention.

"Elias Brothers Restaurants has been selected for this year's award on the basis of its sales and earnings growth, excellence of service, outstanding management and public and employee relations," said Meyer. Last fiscal year, ended September 30, 1975, the company earned \$1,122,832, or 62 cents a share, on revenues of a total of \$30,810,243, representing more than a 100-percent rise in revenues and a tripling of per share earnings in the past four years.

The company operates 30 subfranchises and approximately 120 Big Boy family restaurants throughout Michigan including the Grayling Big Boy on I-75 Business Loop, South.
